GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - NOVEMBER 2013

It's November - the title of my favorite Scott Healy composition on our CD, *Northern Light*. This is the perfect month to check out that song and the whole recording if you haven't already. Love the fall, the beautiful colors, cool temperatures and peacefulness - and it's all reflected in the song, "It's November." Hope y'all have a great November. It's also a great month to reflect and give thanks. So, I want to thank you for your continued support and your interest in our musical journey together. Happy Thanksgiving to all of you. Peace.....

DA JUKES: Me and the boys had some great times in October - a great roadtrip to Ohio, where we played to some crazy crowds. And I mean that in a good way! What is it with Ohio and the Jukes? Man, it is always fun, wild and unpredictable. Then, we had a great night in Philly where we all got to get up-close-and-personal with Johnny's feet (?!) and a sold-out night in Newton, New Jersey in a great little old theatre. Lookin' forward to heading to Maryland and Westhampton this month with da Jukes.....

NEW YORK HORNS: This band keeps on upping the ante! We had what I think is our best show ever in October at our monthly gig at 78 Below in NYC. While we missed our regular drummer, Shawn Pelton, my Jukes brother Tom Seguso filled in and sounded great. Thanks to everyone who came out to support us. We'll be there again this month, on November 20th, so c'mon out and be a part of the insanity!!! It's a great band, a great club, and we guarantee a fun night. We know 10pm is a late start, but it's worth the lost sleep! And, we've gone into the studio and are recording a new CD. Please keep checking the New York Horns **Facebook** page for all the latest info. Hope to see y'all at 78 Below.....

HUMBLEBRAG: We haven't gone away!!! We're merely working on things behind the scenes. Plannin' a tour, recordin' a CD, workin' on some new music and arrangements. Both John Isley and I are anxious to get things movin' again, so stay tuned. In the meantime, please keep checking our **Facebook** page and **YouTube channel** for all the latest

ETC.: My buddy - and bassist extraordinaire - Dave LaRue and I are still hard at work mixing the Force 5 CD. We're making headway and hope to have it out very soon. I'm very excited about this music and can't wait for y'all to hear it

NEW WEBSITE AND YOUTUBE PAGE: I want to thank everyone for the kind words about my new **website** and **YouTube** pages. The response has been overwhelming and I'm thrilled people are checking out the new sites to see what I'm up to. It's very humbling and I hope everyone knows how much I appreciate your support. Please keep checkin' in, as I plan to be update the sites frequently. Also, don't forget to check out my **Facebook** page.....
