

GLENN ALEXANDER

GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - JUNE 2014

Warm temps and sunshine are finally here - gotta love it!!! Have so many great things in the works that I can't wait to share with y'all. On June 4th, John Isley and I - along with Blind Squirrel TV - begin live streaming concerts. We plan to broadcast every Wednesday with different music each week and plenty of special guests. We hope you check in and check it out. To view, just go to www.concertwindow.com. Again, thanks to all of you for helping me continue to deliver music and for keeping me going - it simply wouldn't be possible without you. Have a great June!!!

DA JUKES: If someone had told me I'd be starting Memorial Day weekend playing my geetar on the roof of a giant windmill, well, I'd thought they were crazy. But, that's just what I did! It was for a good cause - benefiting the Jersey Shore food bank - and it was a blast!!! The abbreviated show was on the roof of the iconic Windmill hot dog joint in Long Branch. Even if you couldn't be there for the craziness, you can still **donate**. And keep checkin' the tour dates as The Jukes are ramping up the gigs for summer.....

LIVE FROM GLENN STREET: As I said above, John Isley and I are excited about the launch of our live streaming venture - bringing live music right into your living room - Wow!!! We're still working out the band lineups, so please stay tuned for more info. This will be the **link** for the live stream.....

NEW YORK HORNS: Our CD is finished and the release party is this month at Carroll Place, a great new music venue on

With The Jukes at the Windmill

At the Walt Street Pub with Bob Burger

Bleecker Street in NYC. We're all really proud of this CD and hope you will all join us to celebrate and hear some great music.....

OZMA CODE: We've been playin' at several different venues and I continue to be amazed at the talent of the cats involved. Please check out the tour dates and try to catch a show. I promise you won't be disappointed.....

ETC: The GA3 will be playin' a joint in Peekskill, called **12 Grapes**, right off of Route 6 in Northern Westchester. So, I'm expecting all of my New York/Westchester peeps to join me, Tom Seguso, Tony Tino and a special horn section - Chris Anderson, Dan Cipriano and Rob Susman - for some great music and Saturday night fun ... Had a blast playin' in Red Bank with my buddy Bob Burger last month - more dates with him to come ... I will be posting some more "lost video" of the Glenn Alexander Trio on **YouTube**, so please keep checkin' in to see what's new ... Sometime mid-month I'll have a new **MY PICKS**, so please keep checkin' in with both my **website** and my **Facebook** page for all the latest info.....
