

# GLENN ALEXANDER

GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - JULY 2015

Summer is here, although temps have been really pretty cool, you know the deal: the heat is comin', so time to shed those clothes - stop the grinnin' and drop the linen! Well, for some of you...some of us! Oh boy?!? Got some fun live shows comin up and have been recording various things that I hope to share soon. I hope to see you out at a show. Enjoy the sunshine my friends .....

**THE JUKES:** Well, we ended up with a nice run of shows in June, going through Detroit, Milwaukee and Minnesota, before finishing in

Chicago. We had a great show at the Paramount in Peekskill - and an aftershow that was firin' on all cylinders. Thanks to all the folks who hung in there with us to the end. Then, the show at B.B. King's in New York was a somewhat melancholy affair because it was the first time we played there after the venue's namesake - the GREAT blues guitarist and pioneer himself - had passed. I can't say enough about Blues Boy - AKA B. B. King - he was a blues master that every guitarist learned something from. We won't ever see that kind of legitimate blues legend again - he was the last of that generation, who was giggin' in the 1940s and influenced by Muddy Waters and Howlin' Wolf.. In any event, we'll be on the road a bit

in July, but it will all start out with that annual Stone Pony show, which is always a ton of fun - please plan to be there at that iconic rock venue. We follow it up with a gig in Albany at the state capital on July 4th - we hope to see y'all at one of these shows! .....

**GA3:** We have a hit at the Westfield Jazz and Blues Festival this month. This is a great annual event and I encourage everyone to check it out. It runs every Tuesday during July and August and features great local and national acts. The band will include the New York Horns and special guest Oria Aspen, singing a couple of tunes. We're also planning on recording some tunes this month and you can hear a little of what we do on Glenn Street Live now that the master of technology - AKA John Isley - is back in town. We hope to be putting a few dates on the ol' calendar for that as well, so please stay tuned .....

**GLENN STREET LIVE:** June was a total wash for us - Mr. John Isley was on vacation in Alaska - say what? - and then on the road with Miss Diana Ross. This ship simply doesn't sail without Mister Isley. The rest of us lack the technological knowledge to get the outfit up and running...but, anyway...we HOPE to be up and running this month, so please keep checking our [Facebook](#) and [Twitter](#) pages, as well as my [website](#), for the latest news and info, and our [YouTube](#) channel for any past Glenn Street performances .....

**ETC:** Had a chance to visit with my brother Greg and his family and got some fishin' in. Nothin' was bitin' but we had a great time anyway ... Remember to check out my [website](#) and [Facebook](#) page

for all of the latest info and news .....
