NEWSLETTER - MARCH 2016

To me, March is the first sign that spring is on the way. Although we really have had a pretty mild winter, I'm ready for spring - lots of sunshine, warmer temps, budding flowers and the positive energy that it brings. It also means it's almost time to plant my garden and that is exciting! There has been a lot of music for me this winter and I hope to see some of y'all out and about this spring. Thanks to all for the fantastic support and great feedback. Enjoy the moments, live each day as though it is your last. A little love sure goes a long way

Feelin' it with The Jukes in Newport News, Virginia

SHADOWLAND: There's all kinds of stuff brewing in Shadowland!!! As you know, we've been recording and our goal is to finish and have a CD ready by the time The Jukes head across the pond to Europe at the end of April! We realize that is very ambitious - and the timeline is very tight - but we're doing our best. As I said last month, the band members are of a lot of cats you already know: John Isley, Chris Anderson, Tom Seguso and Greg Novick. Oria Aspen - my daughter, and an accomplished singer-songwriter in her own right - has also been recording some incredible vocals with us. We are all really excited about this band and looking forward to sharing the music with everyone, so please stay tuned

Havin' fun with my Jukes brother, Jeff Kazee

THE JUKES: Well, by the time you read this, The Jukes will have played two sold-out shows at the legendary Stone Pony. The shows were support of our new album Soulttime!, and the theme was a soul dance party -

which required the band to learn some new songs and dust off a few old dogs as well. No small feat! But, if past Pony shows are any indication, it will be TOTALLY worth it! These shows are always iconic - the venue and the fans are second to none and we always look forward to it. Then, we hit the road - hard! - for an eight-shows-in-ten-days swing through the Midwest. Hope to see you along the way

ORIA ASPEN: As I noted above, Oria has been contributing some killer vocals to the new Shadowland album! She's also been performing semi-regularly at the Salt Creek Grille in Princeton with guitarist extraordinaire Jerry Topinka - including a date later this month on Saturday, March 12th. Also, Oria and I will be at Bar Thalia in New York City at the end of the month. Please keep checking my [website](#) and my [Facebook](#) page for all of the latest dates and info for both of us.....
