NEWSLETTER - MAY 2016

April showers bring May flowers, so take a shower - and then come out to a show and say hello. Enjoy this beautiful spring month. Hope to see y'all down the line

SHADOWLAND: Well, you know what they say about the best-laid plans...and, unfortunately, despite my best efforts, I will NOT be bringing the new Shadowland CD to Europe in May. Between coordinating everyone's schedule for recording, my teaching gig and...life, it just didn't happen. The stuff we do have in the can is killin' and I can't wait for y'all to hear it. However, to rush the post-production just to get the music out would be a big mistake. This album is very personal and very important to me, so I made the decision to take my time and do it right. In the meantime, Shadowland had an amazing first-ever public performance at Sarah Lawrence College last month, so we are on our way! Stay tuned for announcements of future gig dates, a CD release party and other good things

At Tarrytown Music Hall with The Jukes

THE JUKES: By the time you read this, I will be in the midst of a three-week tour of Europe with the Jukes, with stops in England, Germany, Belgium and The Netherlands. I'll have a full report on that in the next newsletter. April was kind of quiet in Jukesville - we had a great date in Tarrytown - the Music Hall is a beautiful, old theater in the middle of a wonderful town right on the Hudson River. We also had a private gig playin' the annual Kristen Ann Carr benefit in New York City. Johnny's old runnin' buddy Little Steven was there and watch out when those two get together! We

Me and Oria giggin' with Shadowland

have a bunch of dates in May when we return from across the pond, so please check out my [website](#) and [Facebook](#) page for the all of the latest news and info
