NEWSLETTER - MARCH 2017

Spring baby Spring!?! Hopefully spring will be springing soon and warmer temps become the norm - although winter hasn't been too bad. It's an insane month in Jukesville as you can see below. Shaowland continues to get lots of great airplay and reviews in Europe and will be performing as soon as the Jukes schedule lightens up. Stay warm folks. Hope to see you out soon *Glenn*

THE JUKES: Well, life in Jukesville has been busy, and it's about to get much busier!!! February started out slow - we had a sold-out gig at the wonderful Odeum in East Greenwich, Rhode Island, as well as shows at two of our favorite New Jersey haunts in Newton and BergenPac - but picked up with a vengeance mid-month as we headed to Florida and just finished-up a bunch of shows that were very well-attended by enthusiastic fans. The dedication of Jukes fans always amazes me - peeking out into the audiences I see a mix of both new and familiar faces, as well as fans of all ages. Ah, the power of Southside Johnny! He knows how to work a crowd like no one else! As I write this, we have a ton of shows coming up in March, as we head to North Carolina, Georgia, Ohio, Massachusetts, Pennsylvania, Illinois, Minnesota and Kentucky - whew! I have to figure out where to do my laundry along the way! Additionally, a gig we did a while back at the great New York City venue The Iridium was taped for the prestigious PBS show "Front and Center," and is now airing nationwide. If you can't find it in your area, you can watch it [here](#). It's pretty cool - hope you enjoy

SHADOWLAND: One of the drawbacks of being so busy with the Jukes is that it leaves precious little time for Shadowland gigs. Disappointingly, a February gig date fell through, but we continue to work behind-the-scenes to book more dates. We do have a show in late March in Westchester and I am currently writing and demoing a lot of new songs for the next Shadowland CD. In the meantime, our debut album continues to get great airplay and reviews abroad. Check out this review from [Written In Music](#). Also, Jay Lustig of [njarts.net](#) also did a great interview and write-up - please check it out. Also, please keep checking my [website](#) and [Facebook](#) page for all of the latest gig dates, photos and news. And, if you are one of the poor souls that don't have the Shadowland CD, fear not! It is available from my website [store](#) or you can download it from [iTunes](#), [Amazon](#), [Tidal](#), [cdebaby](#), [Spotify](#)
