GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - OCTOBER 2019

I love October - leaves are turning beautiful colors and the temps are dropping. My crops are finished, as is all of the canning of pickles and salsa. It has been an insanely busy time for me with the new Shadowland album and gigs, the new L.A.X. album and gigs, the new semester getting under way at Sarah Lawrence College and a European tour coming up with Southside Johnny and The Asbury Jukes. I am really looking forward to the end of the month when things settle down a bit. I hope you will check out some of the new recordings. And please, if you're near any of the show dates below, stop out and say hi! Wishing the best for everyone in this beautiful fall month! *Glenn*

Pig Gig V is November 10th!

PIG GIG V: Save the date - Pig Gig V is set for Sunday, November 10th!!! Like the four previous years, this is a benefit and every penny of the profits will go to the **Fibrolamellar Cancer Foundation** in honor of my nephew Jay Alexander - who died eight years ago of this horrible disease at the age of 20. It's a big ol' party to benefit fibrolamellar research so other families won't have to go through what my family went through. And this year's Pig Gig, will be bigger and better than ever and feature more food, more music - including Shadowland, our friends in The Lonesome Pines, a special soul-singing, harp-playing musician whose initials are SSJ - and more fun. This is a big undertaking and we are looking for sponsors to help offset the cost - that way, we have even more money to donate to the Fibro Fund. Last year, we raised \$3,500 and we want to beat that this year, so if you have a business or just want to be a sponsor of this worthy cause, reach out to me via my **website**, **Facebook** page or **Twitter** feed for info on the sponsor levels. Tickets are only \$50 for all of the food, beer, wine and fun you can handle. Tix are
