

GLENN ALEXANDER

GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - JULY 2020

July is here and the heat is on!!! The temps have been mild so far and we have had quite a bit of moisture, so my garden (tomatoes, green beans, peppers, onions, cucumbers, radishes and beets) as well as all of my potted plants (About 100 of them, with broccoli, cauliflower, Brussels sprouts, tomatoes, lettuce, cilantro, many different types of peppers, basil, strawberries and more cucumbers) are rockin'!!! While I certainly enjoy tending my garden, it's been insane not performing out live now for three and a half months - damn, it is really crazy. Tightenin' the belt, bein' conservative and hopin' to make it through. In the meantime, I've been doin' a lot of gardening, lawn maintenance, household chores, writing and recording (got lots of new songs, including one titled "I Can't Breathe") and it's been keepin' me busy. That and drinkin' a hell of a lot of wine and various other libations - lookout now! A fella has to maintain some bad habits. I hope that everyone is staying safe during this completely insane time, and not listening to the whacko buffoon with the orange hair about anything because he is ignorant, a liar, and doesn't care about anything except his image, money and the stroking of his massive ego. So, please do the right thing: wear a mask, treat everyone as you would want to be treated, get tested if you feel at all that you should and be safe!!! Hope to see y'all soon!!

ORIA ASPEN: Oria and I have just been havin' a blast doin' our "Quarantunes" every Friday night at 8pm EDT. We have done tons of different songs - everything from jazz, blues, soul, rock and country songs to tunes from Oria's album *Yellow Paint* and songs from both *Glenn Alexander & Shadowland* and *Knockin' On The Door*. We both have gotten so into it and have developed such an incredible following that we now have our very own signature face masks!!! Emblazoned with "Quarantunes With Glenn & Oria," these mags not only look cool, but keep you safe and helps put food on our table - it's a win-win-win!!! These masks are reusable, washable and only \$7 each and we have a special deal going - buy three and get one free! Can't beat that! They are available now at my [website store](#), but they're goin' fast, so get on it now! And, remember to tune into "Quarantunes" Friday

Quarantuning with Oria

Me and Pedro keepin' watch over the garden

nights at 8pm live on my [Facebook](#) page. Grab a bite to eat, your favorite quarantini, and please join us

THE JUKES: Wow, so happy to announce that the Jukes have two - that's right, not one, but TWO gigs in July....woohoo! Both are "drive-in" concerts and the one in New Jersey is sold out, but I believe there are still tickets to the one in Westhampton Beach. I really hope to see some of you Jukemeisters out there jukin' and jivin' in your cars!!! Please check the dates below please and my [website](#) for all updates about all the goings on in Jukesville

L.A.X.: Well, L.A.X. has two dates on the calendar, but with the tri-state's latest 14-day quarantine announcement for folks coming into the area from certain states - one of which is Florida, where bassist extraordinaire Dave LaRue lives - I'm thinkin' they may not happen. We have listed them anyway, but please keep checkin' the [L.A.X. website](#), my [website](#) and my [Facebook](#) page for all updates

ETC.: I've been recording for lots of different clients and starting do some for myself. I've also been writing a lot and have maybe 15 new songs that I hope to document this summer. Some are for Shadowland, some for L.A.X. and some just because. They will find a home somewhere! Keep checkin' all the usual spots for all updates
