NEWSLETTER - APRIL 2024

Woohoo - it's April baby, and spring has definitely sprung!!! The energy is everywhere! Lookin' forward to everything this month has to offer, like more sunshine, warmth and lots of music. The Jukes are cranking back up and in my world there are some new song releases, videos, club gigs...lotsa good stuff. Thanks for wading through the winter with us now it's time to jump out! Hope to see y'all at some point at some joint this month *Glenn*

BLUE AMERICANA: Oria and I have decided to leave the Blue Americana title behind. We loved that name, but feel that maybe it is too confining and doesn't represent what we are really doing in music, not to mention that it seems to be misleading for those who don't already know us. So, we are going back to simply "Glenn & Oria" and when we have the full group it will be The Glenn & Oria Band. Our duo material and direction will remain the same, as we love what we do and other folks seem to, as well but will be revamping the band sound a little bit to create and bit more energy. Please swing out to Hailey's April 5th to hear what we are up to. We

Lotsa recording goin' on!

will also be doing a trio hit at The Logan Inn in New Hope with the amazingly talented Mike Mancini on the 6th of the month and our duo will at The Village Hall on the 11th

THE JUKES: After some time off, da Jukes are firin' back up this month. We'll be in Newton New Jersey, Verona New York, a couple of Hard Rock dates in Florida, Greenwich, Rhode Island and back at one of our all-time favorites theaters - The Ridgefield Playhouse in Connecticut. We hope to see some of ya at one of these shows.

Shadowland at The Wonder Bar on June 22nd!

Really lookin' forward to suitin' back up with the cats and hittin' with the big dawg, SSJ

SHADOWLAND: Shadowland released a new song - Wada B. Merky - in March, and are working on a video that will, hopefully, be released this month. Then, we have another in the hopper to be released in May. We booked a show at The Wonder Bar June 22nd, so mark the calendars, baby! I have also been working on booking Shadowland in Europe following the Jukes tour, so we will soon post those shows between July 15 - 20. Most of the dates right now are scheduled for Germany and we are damned excited for that trip. More on that next month.

ORIA: Oria has another original recorded, mixed, mastered and ready for release in April, as well. The song is a song that Southside Johnny absolutely loved when he heard it. It has some great lyrics and the amazing Van Romaine playing drums along with lotsa guitars by yours truly. It is a really cool tune and I just know you'll dig it. It's a little trippy, but it rocks, with a Zeppelin vibe to it. Keep your earballs peeled for that sweet thang

L.A.X.: LaRue/Alexander was supposed to do some Florida dates the end of March, but those have been bounced to the end of May. We are really excited to get back out and perform that high-energy music. All the details of that will show up on the website and in next month's newsletter
