## NEWSLETTER – MAY 2024

Things have been busy as hell, folks - and I hear that hell is very busy these days. So busy that I haven't had a moment to think about my garden! And the way things are lookin', they don't lighten up or allow that time until the middle of May. I do keep thinking about slowing down and working a little less, but that just doesn't seem to be happening. Got to make hay while the sun shines. Happy to say that my college teaching is coming to an end for the summer and that will allow a little breathing room and eventually time to plant the garden. Spring is in full force and the summer is fast approaching. Very excited about all of the different live performances and releases coming up and looking forward to sharing them all with you. I truly hope everyone is soaking up some much-needed sunshine and making the most of everyday. It isn't always easy and it can be challenging to let go of all that has happened yesterday, last week, last month, last year and before, but live in and cherish the moment, and look forward to the opportunities that await and what life has in store for us. Enjoy each and every day and be safe out there. I hope to see you along the way .....

Now, we are really trying to create, market and expand our brand and release lots of new music. We hope you'll join us in

**L.A.X.:** LaRue/Alexander has a couple of dates in Florida at the end of the month. We are very excited to be playing the **Funky Biscuit** in Boca Raton and then we'll hit the **Wing Shack** (in Orlando) and share some of our hot sauce with those folks.
