NEWSLETTER – JULY 2024

Yep, like it or not, July is here already. Another busy month in my little corner of the universe. I'll have some time in Europe with Southside Johnny, then a week with my band, Shadowland, which is damned exciting. Releasing some new music for Oria - a super-cool cover song called "Gasoline." Then, we have lots of dates here when we return. My plants are growing faster than I think I've ever seen before. It's the perfect climate this year and they are rockin!!! Finally was able to lock down a date for Pig Gig 9 - It's November 10th! Woohoo! So please so mark your calendars and plan to be there! Stay cool folks and I'll see ya down the line *Glenn*

GLENN & ORIA: Glenn & Oria continue to play lots of local gigs and we also have many songs in the can that we are going to release. So much music, so little time! We will keep you posted, but always check our [website](#), [Instagram](#), [You Tube](#) channel, as well as our TikTok and X pages for all the latest. And if you haven't already, please like and subscribe to our YouTube channel. We're trying to regularly put up content there ... We'll be playin a couple of our regular local spots - [Hailey's](#) and the [Logan Inn](#) - at the end of the month, so we hope to see some of you folks then

SHADOWLAND: Shadowland just released a video for our new tune, Wada B. Merky. If you haven't checked that out, please do, it's on my [YouTube](#) channel. It's a fun, quirky little tune and I think you'll like it ... And news alert - Shadowland has five dates in Germany this month, baby!!! Check the dates below and hope to see some of y'all in Germany ... When we return, we'll be playing the Westfield Music Fest. It's a free, outdoor show, so please come out and hang with us. We love that little street festival!! ... We have lots of songs ready to be released and are just trying to saddle up some videos to accompany them. Keep checkin' the ol' [website](#) and [Facebook](#) page for all the details

With Shadowland at The Wonder Bar

ORIA: Oria is releasing her super-cool version of the Halsey song "Gasoline" early this month, so please look for that, listen and share it with anyone and everyone. This is a tough business to rise above the oceans of releases. So please like, stream and share. She plays alto flute on it, Van Romaine is on drums and the incredible Mark Egan plays fretless bass. It is a complete reimagining of the song and we hope you dig it and hope that if Halsey were to hear it that she would dig it too!

THE JUKES: Jukesville is rollin' into Europe baby! We start in London, bounce over to Italy, then France and finish up in the Netherlands before the baton is passed to Shadowland and we run with it through Germany. Gonna be a helluva great month for music. Hope to see some of you in Europe!!
