

GLENN ALEXANDER

GUITARIST / COMPOSER / PRODUCER

NEWSLETTER - APRIL 2026

Everyone knows about my passion for music, but I feel now is the right time to share my other passion - a passion I've not yet shared: competitive figure skating. Of course, the first thing that drew me to the sport was the sheer athleticism needed to perform at an elite level. I have always been very fit, but this sport requires an insane amount of training and dedication in order to propel myself into the air and land a perfect triple toe loop. But, probably even more than the challenge to test my body to extreme limits, I've always been very taken with the outfits. Performing my music on stage requires a certain uniform: jeans, t-shirt, boots, etc. So boring! Skating costumes are so much more fun! Beads, fringe, sparkles - I love them all! While I didn't make the Olympics this time around, I will keep trying and keep you updated on my progress. Who knows - I may break out one of my skating outfits when I take the stage for the next Shadowland show! Watch out! - and April Fools everyone!!! *Glenn*
