NEWSLETTER - JULY 2026

Happy fourth of July everyone! Although our country is far older than its discovery and settlements by Europeans, we are celebrating 250 years of the great experiment of democracy. I can only hope that it will last another 250 years. We are a new and young country, so yeehaw - we get to experience turmoil, challenges ups and downs and all that comes with growing pains. I hope you have a fun and safe July 4th celebration. Oria and I have just uploaded "Blackberry Wine" for release this month. It is a really fun, loving, uplifting summer party song that should be available on all digital platforms around July 21st. Enjoy the summer and stay COOL!!! *Glenn*

GLENN & ORIA (AKA Blue Americana): We continue to perform, write and record nonstop. As stated above, our song "Blackberry Wine" will be everywhere you listen to, download or stream music by July 21st. It may be up and out sooner, but certainly by then. It is
