NOVEMBER 2026

NEW LOOK NEWSLETTER!

Well, as you can see, we gave the ol' newsletter a big refresh. This different format will give us more flexibility to add more news, more dates, more pics and spill over to more than one page if we have a lot to say. Hope you enjoy and let us know what you think - we'd love to hear your feedback! ... Look out people, we're blasting into November like an out of control comet, which by the way has an average speed of 56,000 miles per hour! We have all kinds of fun gigs but even more importantly, it is election time and the month about giving thanks. So, make sure you get out there and vote and make sure you take time to be thankful for all that we have and maybe give something to those who do not have quite as much. It always feels good to give. Happy Thanksgiving to all!!

SHADOWLAND...

Shadowland kicked ass at Triumph last month, as we always do. That band is badass and I feel fortunate to get to perform with them. We have a private gig in December and nothing else on the calendar this year, but we're hoping to release our third album early next year - so please stay tuned!

GLENN & ORIA (AKA BLUE AMERICANA)...

We continue to work nonstop and record. We have been waiting - in some cases for years - to release material because we wanted to have accompanying videos, but that has proven to be such an obstacle that we have given up on videos and are just going to release the music. So, expect to see some new releases this month, as we have about five songs just sitting in the digital can collecting dust and it's time to release them ... We have some new venues on board including [The Station Tavern](#) in Bernardsville on Thursday, November 5th. We also have a very special evening planned at [Lion's Roar Brewing Co](#) on Thanksgiving weekend - we'll be doing a night of mostly originals with many of our favorite covers thrown in. The craft brew there is second to none, the vibe is awesome and we'll be serenading you while you sip that delicious beverage after having eaten yourself into a coma on Thursday!

With Oria at Hailey's Harp & Pub

ORIA...

If you didn't get a chance to listen to Oria's last release "Tell Me Sad Stories," I encourage you to do so. As I stated before, it was Southside Johnny's favorite Oria Aspen song. He particularly liked the lyric "tell me the gory." It's a cool rocker with great lyrics. Yeah, I produced it, played bass and all guitars and the great Van Romaine played drums. Available on [Spotify](#), [Apple Music](#), [YouTube](#), [Amazon](#) or wherever you get your music. Check it out baby!
